NOTICE OF ALLOWANCE

Allowable Subject Matter

1. Claims 1-5 are allowed.

The following is an examiner's statement of reasons for allowance: The present invention relates to a ratchet wrench that has a pivotal head. The pivot comprises a block having an engaging portion and a notch for reception of an elastic plate, which serves as a spring to bias the block against a coupling portion of the ratchet head. Chiang (6,745,650) and Hsieh (6,295,898) each disclose a ratchet wrench having a pivotal head and each disclose the use of a block having an engaging portion and a notch, however, both Chiang ('650) and Hsieh ('898) utilize a coil spring to bias the block against the coupling portion of the ratchet head. Therefore, it is the examiner's opinion that the art of record considered as a whole, alone or in combination, neither anticipates nor renders obvious an elastic plate which serves as the biasing means for biasing the block against the coupling portion of the ratchet head, together in combination with the rest of the limitations in the independent claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David B. Thomas whose telephone number is (703) 308-4250. The examiner can normally be reached on 7-4 M-F.
